

Break the Cycle

Born in disgrace
Way beyond time and space
You've been cast out
Forlorn and erased
Poor choices you've been displaced
Destroyed by the fangs of hatred
As thunders crash
You're blown away
Your burning secrets
Turn into dismay
Ghosts, your souls you try to revoke
Loud, loud cries
No place to run
No place to run
You're hanging around
You're hunting me down
But your time is running out
Wake up! I'll break the cycle
You crawl like snakes
And wish to find
Some way to be whole
You're sore, fraught with hate
I've blown your cover
No longer will I be your prey

Break the Cycle

As thunders crash
You're blown away
Your burning secrets
Turn into dismay
Ghosts, your souls you try to revoke
Loud, loud cries

(Chorus)

We've been down this road
It's time you know
Remember this path has no end
Wolves growl, watch them go
So now you know that all I wanna feel is hate
No chance
You're lost
Wolves growl
(watch them go)
As thunders crash
You're blown away
Your burning secrets
Turn into dismay
Ghosts, your souls you try to revoke
Loud, loud cries

(Chorus)

Break the cycle!
Break the cycle!
